Kazama Kimichika: Kyojo Zero

風間公親—教場0—

What are the origins of that fearsome instructor?

The highly anticipated follow-up to the hit drama series “Kyojo” starring Takuya Kimura.

The shocking final scenes of “Kyojo 2” revealed that Kazama lost his right eye during his days as a detective, when he was shot by a mystery assailant. However, the culprit of this crime and the reason for Kazama’s deep resentment towards the police force remains a mystery. This latest installment of the popular series will delve right into that mystery, whilst also revealing the cause of Kazama’s rigid and ruthless personality. “Kyojo Zero” is set after Kimichika Kazama’s assignment as an instructor and follows his involvement in educating fledgling detectives as a “Criminal Investigation Instructor.”

This deep dive into the background and humanity of the character, this drama can easily be called the “true beginning” of the “Kyojo” series.
